Google search does not lead to what I asked. Serious answers are very appreciated. Thank you. A placebo test involves demonstrating that your effect does not exist when it "should not" exist.

What is a placebo test? Â« Economics Job Market Rumors

Studies that seek to forecast stock price movements often consider measures of market sentiment or stock return momentum as predictors. Recent research shows that a multiplicative combination of sentiment and momentum can help predict the return on the Standard & Poor's 500 stock index over the next month.
