After the preliminaries on the CD-ROM six sections of the CD are displayed and the user can click and access any one of them. The first is a guided tour of what is available and the second section is on seizure classification. The third section is the video library and case histories, for which it is necessary to refer to the manual. There is an information section and a very interesting self ...

Additionally, a number of "online diagnosis" sites such as [www.medical-library.org](http://www.medical-library.org) or popular CD ROM based tools such as Dr Schueler's Home Medical Advisor provide interactive advice on specific symptoms. These resources have the potential to empower patients to deal with their own minor symptoms but may also generate consultations that may not have otherwise taken place. Studies that ...
